# Fauci, Gates, The Vaccine and Depopulation!!!

19 MAY

(<https://jayceescommentaries.files.wordpress.com/2021/05/fauciandgates.jpeg>).

A while back I wrote a blog about how Soros, Fauci and Bill Gates and some major corporations are all for depopulation and set a goal of 2030 for the New World Order or Great Reset as it is called. This NWO would be one government for the whole world, no borders for countries, one religion and one president over everything and everyone is supposed to live in peace and harmony just like in a liberal fairytale. What a bunch of hooey yet they actually are committed to this clap trap fantasy of an idea.

Bill Gates has stated publicly that there are six billion people in the world and we have to eliminate 5 billion to save the planet. He's added that the best way to depopulate the world is through inoculations. Several years ago he sent a team to Africa and India under the pretense they would receive inoculations for their health and millions died or were rendered impotent. He was therefore forbidden to enter those countries again.

Enter Dr. Anthony Fauci. As a physician with the National Institutes of Health (NIH), Fauci has served the American public health sector in various capacities for more than 50 years, and has acted as an advisor to every U.S. president since Ronald Reagan. He became director of the NIAID in 1984 and has made contributions to HIV/AIDS research and other immunodeficiency diseases, both as a research scientist and as the head of the NIAID. From 1983 to 2002, Fauci was one of the world's most frequently-cited scientists across all scientific journals.[2] In 2008, President George W. Bush awarded Fauci the Presidential Medal of Freedom, the highest civilian award in the United States, for his work on the AIDS relief program.

Fauci now has the patent for the current vaccine and stands to get half a billion dollars for it. Recently Fauci has come under fire by Senator Rand Paul before congress for his work in developing the virus and vaccine through the “Gain of Function” process which is the process of creating a virus so you can create a vaccine for it in case of a massive breakout. Fauci denied any connection to that, but it was discovered that the labs in Wuhan where Fauci was and where the virus came from have deleted all his records of any association there.

This is an engineered virus to control the world governments, markets, religions, and people. It is a bio weapon to create fear, havoc, chaos, and control. It's deception led to Trump's economy being diminished.

Fauci predicted that we won't see another surge in COVID cases once the majority of Americans are vaccinated. The vaccine, said Fauci, "is really a game-changer."

There are 6,000% more deaths reported following vaccination in the United States in 2021 compared to 2020, according to data released by the Center for Disease Control (CDC) last week, that reported the current number of deaths following COVID-19 vaccines standing at 2,509, including an increase of 459 deaths compared to CDC data received through the Vaccine Adverse Events Reporting System (VAERS) through March 19.

According to right wing radio host Hal Turner The Connecticut Department of Public Health has published the Ingredients list for the Moderna COVID "Vaccine" and that data sheet confirms it contains a chemical "SM-102."

The SM-102 Material Safety Data Sheet describes this chemical as "NOT FOR HUMAN OR VETERINARY USE"

Here is the information published by the Connecticut Department of Health about the Moderna COVID Vaccine, which lists its INGREDIENTS:

According to the manufacturer, Cayman Chemical Company in their filing with the Occupational Safety and Health Administration (OSHA), this chemical causes “Acute Toxicity “**Fatal in contact with skin.**”

In that same OSHA filing, the manufacturer declares SM-102 “Causes damage to the central nervous system, the kidneys, the liver and the respiratory system through prolonged or repeated exposure.”

The ingredients list in the Moderna COVID ‘Vaccine’ lists SM-102 as the third most-prevalent ingredient in the vaccine, and that ingredient is as the Cayman Chemical Company describes it. It’s that simple.

## But this actually gets worse.

Chloroform is the solution used with the SM-102 and Chloroform has been outlawed for use by consumers for decades.

The reason Chloroform is outlawed for use by consumers has to do with how long it stays in a human body and what it does to a human body while it's inside. The Half-Life of Chloroform is 180 days. That means that it takes half a YEAR for only HALF of the chloroform, to be exited out of the body. You with me so far?

Chloroform, like any other chemical, breaks down. And when it comes into contact with oxygen, it breaks down into . . . . wait for it . . . . Phosgene Gas.

Phosgene gas is fatal to humans in concentrations as low as seven parts per million (7ppm).

So all these folks getting the “jab” might be getting Chloroform which, as it circulates through their bodies can break down into phosgene gas. This could also be why one of the side effects of the shot is people feeling tired.

Depending upon the unique functions of various people, some — maybe many — of those people MIGHT reach the fatal threshold of phosgene gas in their system, and die from it; likely within 180 days after the second “jab.”

But wait, there's even MORE! Phosgene is a highly toxic substance that exists as a gas at room temperature. Owing to its poor water solubility, one of the hallmarks of phosgene toxicity is an unpredictable asymptomatic latent phase before the development of noncardiogenic pulmonary edema. Yes, the lungs fill with fluid and the patient can't breathe. Just like . . . . wait for it . . . .  
“COVID.”

Al Edwards, impact lead for the pharmacy research division at the University of Reading, told *Newsweek*: “Some solvents are often used to

prepare things like lipids, but are removed after use.”I don’t know the exact process used to make the Moderna vaccine, but even if it did involve dissolving the lipid in a solvent such as chloroform, any residual amount of solvent left in the vaccine—if not fully removed—would be measured very precisely and listed as an ingredient. It would also only be allowed if it was known to be safe.”According to Edwards Chloroform is not listed as an ingredient in the Moderna vaccine.”

Turner disagrees and says, “As these people start dropping like flies, the very same people who brought us the vaccine can simply blame it on a COVID variant. Gee, too bad they died from a COVID variant that the vaccine couldn’t protect them from.

Would that be plausible deniability for mass murder? You decide.

Great way to depopulate the planet and no one is the wiser because the deaths are so chronologically distant from the jab and the symptoms of phosgene gas poisoning mimic the symptoms of COVID.

**Apparently, we humans are now the study creatures for this so-called “vaccine” which may be why over four thousand people have died in the USA after taking the Moderna vaccine.**

Apparently, we humans are now the study creatures for this so-called “vaccine” which may be why over four thousand people have died in the USA after taking the Moderna vaccine.

According to Newsweek magazine “Our VAERS result showed 970 people died after being given a Pfizer or Moderna vaccine shot. Of those deaths, 495 occurred following a Moderna shot, and 475 occurred following a Pfizer shot.

The CDC said on its adverse events page, updated March 1: “To date, VAERS has not detected patterns in cause of death that would indicate a safety problem with COVID-19 vaccines.”

Kent Woods, former chief executive of the U.K. Medicines and Healthcare products Regulatory Agency, previously told *Newsweek* that a person suddenly dying after having a vaccine is not proof that the vaccine caused the death.

For the latest breakdown of the VAERS data, this what the CDC is now reporting.

4,057 deaths.

17,190 serious injuries.

192,954 reports of adverse even

The following numbers are from December 14, 2020 to May 7, 2021.

That's one week of unreported numbers.

And it's important to remember that VAERS only shows about 1% of adverse events related to vaccines.

In reality, these numbers are likely much scarier.

The COVID-19 vaccine rollout has been the deadliest in American history.

The numbers support that statement and personal testimonies reflect it.

*The number of reported deaths following COVID vaccines topped 4,000 according to data released today by the Centers for Disease Control and Prevention (CDC). The data comes directly from reports submitted to the Vaccine Adverse Event Reporting System (VAERS).*

*VAERS is the primary government-funded system for reporting adverse vaccine reactions in the U.S. Reports submitted to VAERS require further*

*investigation before a causal relationship can be confirmed.*

In his recently published article Turner continues saying, “Oh, and how about social media giants (with deep pockets) like Facebook, Twitter, Reddit, Google/Youtube? They not only pushed false information, but also **actively and aggressively BLOCKED truthful information about the bad reactions taking place, and CENSORED or SHUT OFF accounts trying to get facts to the public.** What price should they pay for what they’ve done?”

Their CENSORSHIP seems to have been an effort to aid and abet the flow of false safety information which ultimately may have damaged YOU! Maybe the social media companies need to get sued too?

How about state Governors? Guys like New York’s Andrew Cuomo and my home state of New Jersey Governor Phil Murphy, or the wretched woman, Gretchen Whitmer, out in Michigan; out there almost every day for MONTHS telling people

“Get vaccinated, it’s safe.” What should happen with folks like that who pushed this toxic and deadly chemical on residents of entire states?”

And Fauci gets half a billion. I report, you decide.
