

De wereldelites normaliseren pedofilie

augustus 9, 2022

Regeringen over de hele wereld, die onder de controle van het Wereld Economisch Forum fungeren, voeren oorlog tegen onze kinderen. De Young Global Leaders van Klaus Schwab proberen systematisch pedofilie te normaliseren en seks met kinderen over de hele wereld uit het strafrecht te halen, schrijft [Baxter Dmitry](#).

Het gebeurt vlak voor onze ogen en de mainstream media zijn medeplichtig in hun stilzwijgen.

Deze week heeft een rechter in het extreem-linkse Nieuw-Zeeland van Jacinda Ardern verklaard dat 12-jarige kinderen kunnen instemmen met seks met volwassenen. U hoeft niet terug te spoelen. U hebt het goed gehoord. In de zaak in kwestie ging het om een 45-jarige man, die zich verdedigde met de bewering dat zijn 12-jarige slachtoffer "*het wilde*." Volgens de man van middelbare leeftijd zette het 12-jarige meisje hem onder druk om seks te hebben.

"Ik weet dat zij een kind was, maar de manier waarop zij naar mij toe kwam was als een volwassen vrouw. Ik weigerde haar, maar zij bleef bij mij terugkomen. Zij wilde dit echt doen," zei de 45-jarige over het kind dat toen 12 jaar was.

In de laatste dagen van het proces ging rechter Earwaker in op de kwestie van toestemming voor een persoon onder de 16 jaar, volgens een [verslag van de New Zealand Herald](#):

"Wettelijk gezien kan een persoon onder de 16 geen toestemming geven voor onfatsoenlijke handelingen, daarom hoeft u als jury alleen maar te beslissen of de onfatsoenlijke

handelingen hebben plaatsgevonden," zei hij.

Toen kwam de klap op de vuurpijl. De rechter zei tegen de jury:

"Maar wat geslachtsgemeenschap betreft, kan een persoon onder de 16 wel toestemming geven. U moet op grond van de bewijzen die u hebt, nagaan of de toestemming al dan niet gegeven is."

Op maandag sloot rechter Earwaker het proces af, en drong er bij de jury op aan "volkomen onpartijdig" te blijven bij het beoordelen of het Openbaar Ministerie van de Kroon zijn zaak al dan niet bewezen had. Bedenk wel, dat we het hier hebben over een man die bekende seks te hebben gehad met een 12-jarige en dat rechtvaardigde met het argument dat zij "het wilde."

"Het is niet genoeg dat de Kroon u ervan overtuigt dat hij hoogstwaarschijnlijk schuldig is, het moet buiten redelijke twijfel staan."

Enge tijden in Nieuw-Zeeland. Maar bent u verbaasd? We hebben het hier over een extreem-linkse autoritaire staat, geleid door Young Global Leader Jacinda Ardern, waar de burgers te horen krijgen dat ze hun [volledige vertrouwen in de regering moeten stellen](#).

Klaus Schwab en globalisten plannen een aanval die Covid in de schaduw zal zetten

Nieuw-Zeeland is gevallen.

Maar zij zijn niet de enigen.

Emmanuel Macron werd eerder dit jaar herkozen als president van Frankrijk, in een verkiezing die algemeen als verdacht werd beschouwd. Het is misschien geen verrassing dat hij ook een van de Young Global Leaders van Klaus Schwab is en dat Frankrijk ook pedofilie aan het normaliseren is.

De regering van president Macron stemde in 2018 tegen het hebben van een toestemmingsleeftijd in Frankrijk, en werd daarmee een van de eerste naties die toegaven aan de druk van een internationale cabal die vastbesloten is om seks met kinderen over de hele wereld te decriminaliseren.

Dit betekent dat de federale wet in Frankrijk [geen wettelijke leeftijd van toestemming kent](#), en dat volwassenen die seks hebben met **kinderen van welke leeftijd dan ook**, niet vervolgd zullen worden voor verkrachting, als het kindslachtoffer geen "geweld, bedreiging, dwang of overrompeling" kan bewijzen.

Het wetsontwerp tegen seksueel en op gender gebaseerd geweld, bekend als **wet**, werd op 3 augustus door het Franse parlement [in wet omgezet](#), wat in Frankrijk tot verontwaardiging leidde omdat ouders en kinderrechtengroeperingen de regering Macron ervan beschuldigden de kinderen van het land te verraden.

Door het ontbreken van een toestemmingsleeftijd lopen miljoenen kinderen in Frankrijk ernstig gevaar om seksueel misbruikt te worden, aldus ambtenaren van de kinderbescherming.

Als dat al een understatement is. Maar moeten wij verbaasd zijn? Macron is, net als Jacinda Ardern uit Nieuw-Zeeland, een van de Young Global Leaders van Klaus Schwab. Zij zijn allemaal vastbesloten om oorlog te voeren tegen onze kinderen.

Angstaanjagende voorspelling van het dagelijks leven na de Great Reset

Of u hem nu leuk vindt of niet, de Russische president Vladimir Poetin heeft ons jaren geleden al gewaarschuwd dat de wereldelite van plan is om pedofilie in het Westen te normaliseren. Volgens Poetin houdt de wereldelite zich bezig met Satanverering. "Doe wat gij wilt" is hun motto. Het blijkt dat hij gelijk had.

Ik zei al eerder dat de mainstream media medeplichtig zijn aan hun stilzwijgen. Meer geïnteresseerd in het promoten van Big Pharma producten en het optreden als de PR afdeling van de Democratische Partij, lijken de media totaal ongeïnteresseerd in de echte wereldproblemen die een directe invloed hebben op het leven van onze kinderen.

Maar als je aan de oppervlakte krabt, besef je dat de media op meer manieren medeplichtig zijn dan alleen maar hun ogen te sluiten.

De poging om pedofilie te normaliseren speelt zich al jaren voor onze ogen af. En wie kunnen de massa's beter ontvankelijk maken dan hun favoriete sterren.

[Oprah](#) grijpt nu al jaren elke gelegenheid aan om de traditionele gezinswaarden stilletjes en bedrieglijk te ondermijnen. Volgens Bill Maher is een relatie tussen een dertiger en een kind van 12 helemaal in orde en moet de samenleving ophouden zo gespannen te zijn.

En uiteraard grijpt CNN elke gelegenheid aan om wat [pro-pedofilie inhoud](#) tussen de rest van de rotzooi die zij rondstrooien te stoppen. Volgens Jeffrey Toobin, de juridische hoofdanalist van het netwerk, die in 2020 kort geschorst werd omdat hij live masturbeerde tijdens een Zoom-gesprek, zouden pedofielen die betrapt worden met kinderporno tegenwoordig lichtere straffen moeten krijgen omdat... het internet hen ertoe aanzette?

Stanford Universiteit zegt dat het slachten bloed en organen van kinderen volwassenen kan helpen "onsterfelijkheid" te bereiken

Dutch

Dit kunt u niet verzinnen.

We zijn nog niet eens aan de kop van de slang toegekomen. Hollywood. De amusementsindustrie. Verantwoordelijk voor het hersenspoelen van de massa's gedurende tientallen jaren, wordt algemeen aangenomen dat Hollywood gecontroleerd wordt door satanische pedofielen.

Ontmoet [John Paul Rice](#). Hij is een filmproducent uit L.A. die aan Jerry Bruckheimers Remember the Titans gewerkt heeft, voordat hij een reeks veelgeprezen films produceerde.

Volgens Rice wordt de amusementsindustrie geleid door elite pedofielen die kinderen verhandelen en opofferen voor hun eigen verdorven plezier. En de meeste van die kinderen worden niet ouder dan 7 of 8 jaar.

Beschamend spul.

Als u in een wereld wilt leven die veilig is voor onze kinderen, dan is het tijd om stelling te nemen.

Bruce Reinhart, a Florida federal magistrate judge, donated \$1,000 to Obama's 2008 presidential campaign and added \$1,000 more to the Obama Victory Fund that same cycle, according to federal filings.

Reinhart later contributed \$500 to Jeb Bush's failed 2016 presidential campaign, federal filings show. Reinhart did not immediately respond to a Fox News Digital inquiry on his donations.

Judge who approved Mar-a-Lago raid linked to Jeffrey Epstein

Donor to Barack Obama represented aides granted immunity in controversial deal

By **Art Moore**

Jeffrey Epstein

The judge who signed the search warrant authorizing [the FBI raid Monday of former President Trump's Mar-a-Lago estate](#) was a donor to President Obama and represented employees of convicted pedophile Jeffrey Epstein, the New York Post reported Tuesday, citing named sources.

Judge Bruce Reinhart represented several of Epstein's employees, including his pilots, scheduler Sarah Kellen, and Nadia Marcinkova, who Epstein once reportedly described as his "Yugoslavian sex slave," according to the Miami Herald.

Epstein's death in his Manhattan prison cell in August 2019 while awaiting trial on federal sex-trafficking charges was officially ruled a suicide.

Federal prosecutors granted immunity to Kellen, Marcinkova and others in the controversial 2007 deal that allowed Epstein to plead guilty to state charges rather than federal crimes. Epstein was granted work release in the case after serving only 13 months in county jail.

At the White House on Tuesday, Biden spokeswoman Karine Jean-Pierre said President Biden was not briefed ahead of the predawn raid Monday on Trump's South Florida home.

A reporter asked if Biden was concerned that the raid of the home of a potential 2024 presidential election opponent had the appearance of being politically motivated.

"The Justice Department conducts investigations independently, and we leave any law enforcement matters to them," Jean-Pierre replied. "It would not be appropriate for us to comment on any ongoing investigations."

She referred reporters to Biden's statement when he nominated Merrick Garland as attorney general of the "need to restore the honor and integrity of the Justice Department" after it allegedly had been "so badly damaged" by the Trump administration.

[Trump said in a statement Monday](#) that such "an assault could only take place in broken, Third-World Countries."

"Sadly, America has now become one of those Countries, corrupt at a level not seen before," he said.

The Herald reported Reinhart resigned from the South Florida U.S. Attorney's Office on New Year's Day 2008 and began representing Epstein's employees the next day.

He is one of three federal magistrate judges in the West Palm Beach offices of the U.S. District Court for the Southern District Court of Florida, the Post noted, along with William Matthewman and Ryon McCabe.

On Monday, the Herald reported, two warrant applications were assigned to Reinhart. However, the warrants and information about the targets remain sealed. Another warrant was issued Friday by Reinhart, but its contents were also sealed, the paper said.

The New York Times reported the FBI agents were searching for 15 boxes of classified documents allegedly brought from the White House in January 2021 at the end of Trump's presidency. That would be a violation of federal record-keeping laws. However, Trump had the authority to declassify documents, some analysts argue.

Alarm sounded: Democrats will try to KILL Trump if raid fails

'I would not put assassination beyond these people'

Are Democrats in power in Washington under the Joe Biden administration capable of trying to assassinate President Donald Trump to prevent him from running in 2024?

A report in the [Daily Mail](#) reveals that former New York Police Department Commissioner Bernard Kerik believes they absolutely are.

"I would not put assassination beyond these people," he said, if the [FBI raid this week on Trump's home](#) fails to lead to criminal charges.

Kerik said he was "deathly afraid" for the former president when federal authorities, weaponized against their political foes by the Biden administration, went to Mar-a-Lago.

Kerik said he feared Democrats have exhausted all their options to try to make sure Trump doesn't run again. House Speaker Nancy Pelosi already has orchestrated two failed impeach-and-remove schemes, one that happened after he left office.

Bernard Kerik

And critics of the Democrats' schemes have said her partisan committee investigating the Jan. 6, 2021, riot at the Capitol essentially is her third barrage against Trump.

Kerik was on The Balance with Eric Bolling, and explained, "If you remember back in 2016, right before he got elected, I was in Washington D.C.

"I was at a couple of different social events, and I hear people talking, they said the Democrats want this guy so bad that they wouldn't put assassination behind it. And I'm gonna tell you something, they've tried impeachment, they've tried another impeachment, they've tried one investigation after another.

"This is about one thing: this is about stopping him from running in 2024. And I'm gonna tell you something, I'm not into conspiracies, I'm not into anti-government rhetoric. This is the first time in my lifetime that I would say I am deathly afraid for Donald Trump. I would not put assassination behind these people."

De FBI heeft [een huiszoeking gedaan](#) in de villa van Donald Trump. In een verklaring schrijft de oud-president dat hij heeft meegewerkt aan een regeringsonderzoek. Hij noemt de inval 'onnodig en onacceptabel'.

Amerikaanse media citeren 'anonieme bronnen' die zeggen dat de zaak te maken heeft met 'dozen vol vertrouwelijke regeringsdocumenten' die na Trumps vertrek uit het Witte Huis zijn verdwenen.

Belegerd

"Mijn prachtige huis, Mar-a-Lago in Palm Beach, wordt op dit moment belegerd, overvallen en bezet door een grote groep FBI-agenten," schrijft Trump.

Volgens hem proberen de 'radicaal-linkse Democraten' hem koste wat kost ervan te weerhouden zich te kandideren voor de presidentsverkiezingen van 2024.

Bij het huis verzamelden zich veel betogers. Een Cubaanse vrouw vroeg zich tegenover de media af waarom de FBI wel een inval doet bij Trump, maar niet bij Hunter Biden.

Vorbode voor een heel lelijke tijd

De inval maakt veel reacties los. "Welkom in onze zieke wereld," schrijft Anthony Stabourlos, voorzitter van de Belgische partij Relego. "Zouden de Amerikanen nu eindelijk durven opstaan? Nog nooit in de geschiedenis van de Verenigde Staten is dit gebeurd met een president. Dit is een vorbode voor een heel lelijke tijd."

Brigitte Antolini, fractievoorzitter van FVD Haarlemmermeer, voegt toe: "Ongelooflijk wat hier gebeurt. Het is maar al te duidelijk dat ze als de dood zijn dat Trump zich weer verkiesbaar gaat stellen in 2024."

Ze krijgt bijval van voormalig raadslid Tjerk Langman. "Hier zitten de Democraten achter, want die doen er alles aan om te verhinderen dat Trump zich weer kandidaat stelt in 2024," zegt hij.

Levensgevaarlijk spel

Journalist Joost Niemoller spreekt van 'een levensgevaarlijk spel'. "Biden staat er slecht voor bij de tussentijdse verkiezingen. Mogelijk moet hij wegens dementie al snel het veld ruimen. Daarom worden bij voorbaat politieke tegenstanders zoals Trump en Bannon uit de weg geruimd."

"De Amerikaanse staat opent de aanval op het Amerikaanse volk. Dit zal heel bijzonder uitpakken," aldus Niemoller.

"Als je tot de verkeerde politieke kleur behoort, ben je steeds meer vogelvrij, zelfs al ben je voormalig president van de VS," reageert mediadirecteur van Ongehoord Nederland Peter Vlemmix.

House Minority Leader Kevin McCarthy promised to investigate the Department of Justice (DOJ) and Attorney General Merrick Garland

following the FBI's raid of former President Donald Trump's Mar-a-Lago abode Monday.

"I've seen enough," McCarthy [said](#) in a statement. "The Department of Justice has reached an intolerable state of weaponized politicization. When Republicans take back the House, we will conduct immediate oversight of this department, follow the facts, and leave no stone unturned."

FBI agents executed a search warrant early Monday over [allegations](#) that Trump took classified documents to Mar-a-Lago after he left office in January 2021, according to multiple sources. Trump announced the raid had taken place in a statement late Monday, decrying it as "prosecutorial misconduct."

"Attorney General Garland, preserve your documents and clear your calendar," McCarthy said, implying his intent to bring Garland before Congress should Republicans regain the majority.

The raid drew criticism from other Republican members of Congress.

“This is what happens in third world countries,” Republicans on the House Judiciary Committee [tweeted](#). “Not the United States. Doesn’t the FBI have better things to do than harass the former PRESIDENT?”

“After today's raid on Mar A Lago what do you think the left plans to use those 87,000 new IRS agents for?” Republican Sen. Marco Rubio of Florida [asked](#).

Criticism of the FBI also came from the chairwoman of the Republican National Committee.

“Absolute power corrupts absolutely,” Ronna McDaniel [posted](#) on Twitter. “Countless times we have examples of Democrats flouting the law and abusing power with no recourse, including Hunter Biden. Democrats continually weaponize the bureaucracy against Republicans. This raid is outrageous.”

The Justice Department did not immediately respond to requests for comment from the Daily Caller News Foundation.

The Economic Collapse

Are You Prepared For The Coming Economic Collapse And The Next Great Depression?

This Is The Real Reason Why They Raided Mar-a-Lago

August 9, 2022 by Michael

No matter where you fall on the political spectrum, you should be absolutely horrified by what the FBI just did. When one political party weaponizes the law in order to crush their main opposition, the legitimacy of the government disappears. At this point it is clearer than ever that the United States has become a banana republic, and it greatly pains me to say that. From the time of the Founding Fathers up to today, so many Americans have sacrificed so much for our once great nation. But now we are the generation that gets to witness the death of the American experiment.

When I hear Democrats say that “nobody is above the law”, it makes me laugh.

How do you think the Bidens and the Clintons have stayed out of prison all these years?

Of course they are above the law.

But all of our other politicians have broken the law at some point too. We literally have more laws, rules and regulations than any other society in the history of the world has had. So if you look close enough, you will find that everyone has slipped up somewhere.

Needless to say, the vast majority of the time that our politicians violate the law, there are no consequences. If they are good boys and girls and go along with the program, they will generally be left alone.

However, those that prove to be serious threats to the establishment are singled out. It is all about selective enforcement. In recent years we have seen this pattern play out repeatedly, and now it is happening again.

They aren't going after Donald Trump because he is guilty and everyone else in Washington is innocent.

Rather, they are going after Donald Trump because they think that they have found a way to keep him from ever running for president again. The following is what [18 U.S. Code § 2071](#) says...

(a)Whoever willfully and unlawfully conceals, removes, mutilates, obliterates, or destroys, or attempts to do so, or, with intent to do so takes and carries away any record, proceeding, map, book, paper, document, or other thing, filed or deposited with any clerk or officer of any court of the United States, or in any public office, or with any judicial or public officer of the United States, shall be fined under this title or imprisoned not more than three years, or both.

*(b)Whoever, having the custody of any such record, proceeding, map, book, document, paper, or other thing, willfully and unlawfully conceals, removes, mutilates, obliterates, falsifies, or destroys the same, shall be fined under this title or imprisoned not more than three years, or both; and shall forfeit his office **and be disqualified from holding any office under the United States**. As used in this subsection, the term "office" does not include the office held by any person as a retired officer of the Armed Forces of the United States.*

If they can convict Trump under this section, he will be permanently banned from the presidency.

And that is exactly what they want.

This is the first time in history that the private home of a former president has ever been raided, and Trump is [absolutely horrified](#) that this has happened...

“Nothing like this has ever happened to a President of the United States before. After working and cooperating with the relevant Government agencies, this unannounced raid on my home was not necessary or appropriate,” Trump said. “It is prosecutorial misconduct, the weaponization of the Justice System, and an attack by Radical Left Democrats who desperately don’t want me to run for President in 2024, especially based on recent polls, and who will likewise do anything to stop Republicans and Conservatives in the upcoming Midterm Elections.”

“Such an assault could only take place in broken, Third-World Countries. Sadly, America has now become one of those Countries, corrupt at a level not seen before,” Trump said, alleging that the FBI agents broke into his safe.

I don’t blame him.

I would be horrified too.

They didn’t even treat Richard Nixon like this.

And some prominent Democrats are drooling with glee over the prospect that Trump [could eventually end up in prison](#)...

Donald Trump is probably the target of a criminal investigation and the raid on his Mar-a-Lago mansion shows it, a former acting US Solicitor General has said.

Neal Katyal, who was appointed by Barack Obama to represent the government in front of the Supreme Court between 2010 and 2011, told

MSNBC on Monday night that if he were Trump's lawyer, he would be telling him to 'prepare for jail time'.

It isn't enough for them just to defeat Trump politically.

They want to destroy him, just like they have destroyed so many others.

These guys are playing hardball. After experiencing four years of Trump in the White House, they want to make absolutely certain that such a "mistake" never, ever happens again.

So the full power of the FBI and the Justice Department are now being directed at Trump, and they aren't going to show any mercy.

In light of what has just transpired, a statement that Attorney General Merrick Garland [made recently](#) now sounds even more ominous...

As Garland recently said, federal prosecutors are now engaged in the "most wide-ranging investigation and the most important investigation that the Justice Department has ever entered into...We have to get this right."

They aren't going to stop until they win.

And if "another Trump" arises, they will give that individual the same treatment.

If you love this country, what we are witnessing should deeply sadden you.

Our system of government was once an inspiration to people all over the globe, but now it is starting to come apart at the seams at a staggering rate.

If corruption wins, there will be no future for our system of government, and that should greatly alarm all of us.

Biden regime wages lawless TERROR CRUSADE against Trump's America

BY HEALTHRANGER // 2022-08-09

 Mastodon  Parler 

Beyond the obvious analysis of the FBI / DOJ / Biden terror crusade against President Trump and We the People, what I've pointed out in the Situation Update podcast below are three critical points to understand:

1. One of the goals of the raid on Mar-A-Lago is to try to provoke an armed **civil war uprising** among the American people so that the DOJ and FBI can label all Trump supporters as violent extremists.
2. The brazen nature of the raid on Trump's private residence is strong evidence that the deep state **plans a major disruption or false flag that would suspend the mid-term elections**. It's clear they are not afraid to violate the rule of law and anger the American people, since they believe they will never again have to answer to the people anyway.
3. The Democrats now believe they have so much power that they no longer need to even *pretend* to be the good guys. Now, they are just brazenly carrying out acts of terrorism against the American people, with no regard for any blow back because, as stated above, they do not believe they will ever have to answer voters ever again (because there will never be fair and free elections in America as long as they remain in power).

So we are now living under a lawless, tyrannical terrorism regime that's pretending to be a legitimately elected "democratic" government but is nothing of the kind. Essentially, this means that no state, no state governor and no American is obliged to recognize the authority of any branch of the federal government under this regime, as the regime is utterly lawless

and despotic and has abandoned every mechanism of due process and the rule of law. This regime now rules by force and coercion, not by the consent of the governed. Thus, America has transitioned from a nation of good will and a reasonable social contract of governance to an authoritarian regime that wields its political power as a weapon to destroy the political opposition, media opposition and election integrity. The Biden regime is now actively engaged in straight up *treason* against the United States of America, and the American people are slowly waking up to this horrifying fact.

They no longer care what you think, since your vote and opinions no longer matter to the tyrants in charge

The intention of this regime is to cancel or control all elections, online speech, media publications and all three branches of government from this day forward, establishing a unipolar political monstrosity that eliminates all opposition from any sector of society. They are very close to having achieved this outcome following the rigging of the 2020 election and the cooperation with communist China to weaponize SARS-CoV-2 and unleash a biological weapon against the American people in order to destroy the economy and control the masses. Even now, 70% of US adults have taken at least one dose of a covid-19 vaccine, **according to the CDC and reported by Reuters**. This means that nearly three out of four Americans have been injected with a depopulation death jab, and some significant percentage of those people will be dead from the vaccine

before the end of 2030. Technically, that's over 231 million Americans who have been injected with a death shot. If just 20% of those die in the next decade, that's 46 million Americans who will be victims in this **vaccine holocaust** pushed by both Trump and Biden. (Yes, Trump started it and handed the baton to Biden in a tag-team effort.) Are you beginning to see the bigger picture yet?

Violence is what the regime wants... and that's why we must not resort to violence

The truth is, the American people have been targeted for extermination by the regime. And if the people rise up, they will be deemed "extremists" and subjected to a domestic military response, likely coupled with a nationwide gun confiscation effort and a declared emergency that will attempt to suspend all elections. This is why **it is crucial that the American people do not resort to a violent uprising to escape this tyranny.** Peaceful methods must be employed so that the authoritarian regime isn't handed a justification to increase their level of violence and tyranny against the American people. Furthermore, **we must not give the regime an excuse to declare a state of emergency before the mid-term elections.** As we get closer to the elections in November, we fully expect the regime to become increasingly desperate, and we believe they are likely to do something truly extreme such as setting off a dirty bomb, detonating a nuclear bomb in a US city, taking down the power grid and blaming Russia, freezing the banking system with an engineered liquidity freeze, launching an EMP weapon against the US to blame China or North Korea, igniting World War III

with China or Russia, unleashing a hemorrhagic fever virus against the population or igniting a civil war in some region of the country. There is nothing the regime won't do to stay in power and terrorize the American people. Do not be suckered into violence. That's what the regime wants. At the same time, do not give in to tyranny. Support pro-America candidates like Kari Lake and Blake Masters. Continue your preparedness efforts to survive after the chaos is unleashed. Have backup comms, food, emergency medicine and systems of off grid money such as precious metals or barter items. Voice your opinions to your representatives in Congress, and demand they take action to investigate the regime for its tyranny and lawlessness. Contact your state governor and demand they nullify the FBI, DOJ, ATF and IRS. It is now perfectly clear that America is going to be plunged into a horrific scenario of strife and collapse, and only those who are prepared and determined will survive the onslaught. The former president, who was the first to confirm the raid, released a lengthy statement, part of which [stated](#), “These are dark times for our Nation,” as his home “is currently under siege, raided, and occupied by a large group of FBI agents.” He added, “Nothing like this has ever happened to a President of the United States before.”

Politico reported on the raid:

Two sources familiar with the search said it was related to allegations that Trump allies improperly removed boxes of presidential records from the White House after leaving office — including some that may have included classified information. One of those sources said the raid took “hours.”

However, CNN [noted](#) that the National Archives, which collects and sorts presidential material, has already stated that “at least 15 boxes of White House records were recovered from Trump’s Mar-a-Lago resort – including [some that were classified](#).”

But, in an [interview](#) with Breitbart News’s Kristina Wong, Kash Patel, a former top Trump administration official, said the claims that “classified materials were found at Mar-a-Lago are misleading” since the “documents were actually already declassified by then-President Donald Trump, but the classification markings had not been updated.”

The left is too tone deaf to realize this will only make more middle of the road voters sympathetic to President Trump.
