STOP DEPOP!

A few very rich people in control of governments and media think they can decide who can live and who not.

Their goal is to kill off most of the world's population.

Overpopulation is a lie.

You are told there are too many people because they want to get rid of you. Fewer people are easier to control and enslave.

The COVID jab and the climate change FRAUD are being used for depopulation.

We need to get the word out. I'm calling at this point in time for a complete and immediate ban on all vaccine mandates.
