TANZANIAN PRESIDENT PROMOTES STEAM TO FIGHT CORONAVIRUS, WARNS 'VACCINES ARE NOT GOOD'

Tanzanian President John Magufuli expressed doubt over foreign-made Chinese coronavirus vaccines on Wednesday, encouraging his countrymen to pray to God while inhaling steam as a natural way to bolster their immune systems against the virus.

“Vaccines are not good. If they were, then the white man would have brought vaccines for HIV/AIDS,” Magufuli [said](#) during the opening of a new farm in Tanzania’s northwestern Gaita region on January 27.

“We Tanzanians haven’t locked ourselves in and we don’t expect to lock ourselves down. I don’t expect to announce any lockdown because our God is living and He will continue to protect Tanzanians,” the president said.

“We will also continue to take health precautions including the use of steam inhalation,” he added.

“You inhale while you pray to God, you pray while farming maize, potatoes, so that you can eat well and corona fails to enter your body [sic]. They will scare you a lot, my fellow Tanzanians, but you should stand firm,” Magufuli said, referring to a general consensus by global health bodies encouraging vaccination against the Chinese coronavirus.

Tanzania has not published figures on its national coronavirus caseload since May 8, 2020, when it [reported](#) 509 cases and 21 deaths from the virus, according to World Health Organization (W.H.O.) data. President Magufuli on May 3, 2020, [dismissed](#) coronavirus testing kits imported to Tanzania from abroad as faulty. He said on national television that imported test kits had recently returned positive results for the Chinese coronavirus on samples taken from a goat and pawpaw, a fruit similar to papaya. The testing kits Magufuli referred to were [made](#) in China, the Africa Centers for Disease Control and Prevention later revealed.

Tanzania has allowed its citizens to continue gathering in large groups for social activities, such as sporting events, throughout the past year, eschewing physical distancing and mask-wearing mandates issued by most other nations during the coronavirus pandemic. Most public institutions and businesses in the East African country have remained open, with the exception of schools and universities last spring. Opposition leaders in Tanzania criticized Magufuli’s reaction to the coronavirus pandemic last year, accusing him of being in “denial” about the health crisis. They [alleged](#) last April that Tanzania’s true number of coronavirus infections was higher than officially reported.

Magufuli in March 2020 encouraged Tanzanians to [pray](#) away the coronavirus in lieu of wearing sanitary masks.

“This is the time to build our faith and continue praying to God and not depending on facemasks. Don’t stop going to churches and mosques for prayers. I’m sure this is just a change of wind and it will go like others have gone,” he said at a church in the Tanzanian national capital, Dodoma.

MERCK.....a HUGE vaccine maker.....has stated that getting exposure to Covid and recovery is BETTER and offers MORE PROTECTION.....than vaccines.

In addition, the AMERICAN JOURNAL OF MEDICINE....is reporting that Hydroxychloroquine use leads to a 79% improvement in mortality rates.....Facebook reversed themselves this week from banning HCQ information.

WE HAVE BEEN HAD. ITS ALL A SCAM.....WE COULD HAVE BEEN TREATING AMERICANS WITH CHEAP AND EFFECTIVE HCQ SINCE MARCH.

IF YOU LOST A LOVED ONE.....SUE FACEBOOK, TWITTER, GOOGLE/YOUTUBE, CNN, WAPO, NYT..ETC ETC ETC.....FOR INFORMATION SUPPRESSION THAT DIRECTLY COST LIVES

Sue Dr Fauci. He was the worst even though he touted the use of Hydroxy years ago for Corona viruses. He trashed Hydroxy but gave nod to experimental remdisivr that is nt panning out. He is compromised on so many levels and is now flooding the zone with his BS to cover his past

Fauci is a political machine. His words mean nothing. Unfortunately those that are anti-Faxers do have a voice which is going to kill a lot of people. Vaccines saved 10s of million over the decade with risks

look up 'Uganda Covid Rates' This is a poor, crowded country of 44 million. The country is about the worst malaria country on earth where people take HCQ like candy. Number of Covid positives? 39,500. Number of Covid deaths in Uganda, 318. U.S. has nine times the population of Uganda. 9×318 would be 2,862 deaths in all the U.S. from Covid. What does this mean? You tell me.

Only 6% of the US number died from covid ONLY.

Tolerance4 → Poetcomic1 • an hour ago

That's why people started to turn to Hydroxychloroquine. They noticed that, in countries near the equator, where malaria thrives, the death rates from COVID were much lower than in other countries. The only difference was the regular use of HCQ in countries near the equator.

ok,, not everyone.. 400,000 deaths which the CDC said only about 40% died from just Covid, to the it's less then 1300 deaths per million for a country of over 300 million.. and if you go to the CDC real estimates.. less then 500 per million.. remember.. if your in hospice dying from cancer and contract covid..did you die from cancer or covid??? that should give you the answer to the question.

FYI

-3/24/20 <https://www.cdc.gov/nchs/da...> National Vital Statistics System, COVID-19 Alert No. 2, New ICD code introduced for COVID-19 deaths: "Should 'COVID-19' be reported on the death certificate only with a confirmed test? COVID-19 should be reported on the death certificate for all decedents where the disease caused or is assumed to have caused or contributed to death." end quote

-9/2/20 <https://www.cdc.gov/nchs/nv...> Center for Disease Control: "Table 3 shows the types of health conditions and contributing causes [over 60 of them] mentioned in conjunction with deaths involving coronavirus disease 2019." "For 6% of the deaths Covid-19 was the only cause mentioned."

[Got that? Only 6% of deaths were caused soley by Covid-19. You can be a 95 year old person suffering from all 60 of the listed illnesses but if you test positive for the virus, even if you have no symtoms, your death is recorded as caused by the virus.]

With the Game Stop episode going on right now it begs the question.....were wealthy and powerful hedge funds driving the lockdowns? Did they short sell numerous stocks and then go on TV to push the scare? There is evidence to suggest that's EXACTLY what happened.

HEDGE FUNDS DID VERY VERY WELL DURING STRICT LOCK DOWNS AS BUSINESSES FAILED AND THEY BET AGAINST THOSE BUSINESSES.

Yeah, just ask them what happened to all the money Baby Boomers paid into Social Security. Politicians have used it as a slush fund all these years and now they do not have enough to pay Boomers back as they all begin to retire, so they keep moving the retirement age higher and higher. They are hoping we all fall victim to Covid so they don't have to pay us!

He's actually right. Steamed air is sterile moist air, used for centuries to soothe lungs. African latitudes provide sufficient Vitamin D3 production and the warm climate and absence of Western junkfood keeps them from getting diabetes or turning obese.

Praying helps women to manage their cortisol level, because, let's face it, Covid propaganda has hot them so scared that they're going into their masculine getting all bossy and turning Karen en masse, trying to be the government's pet because they only love the government and like to do as they're told and can't stand the idea of people hating them as they enforce regulation by trying to damage reputation.

The CDC, NIH did nothing to help alleviate covid-19 effects, absolutely nothing. Those ventilators actually killed people rather than save them. They prevented healthcare from using hydroxychloroquine and other available treatments because they were paid off by big pharma. The most effective treatment is used early on, before patients were admitted to hospitals.
