Video Clip: Brannon Howse Exposes The Twisted Scripture of Cultural Marxist Tim Keller of the Gospel Coalition

Julian Huxley:

The task is to help the emergence of a single world culture...at the moment, two opposing philosophies of

life confront each other.... You may categorize the two philosophies as super nationalism, or as **individualism versus collectivism...** or as **capitalism versus communism**, or as **Christianity versus Marxism**. Can these opposites be reconciled, this antithesis be resolved in a higher **synthesis**? I believe not only that this can happen, but that, through the inexorable **dialectic** of evolution, it must happen.
