Uitvinder mRNA-technologie over apenpokken: 'Media en overheid wakkeren angst onnodig aan'

De GGD vraagt mensen die contact hebben gehad met of in de buurt zijn geweest van iemand die positief testte op het apenpokkenvirus om tot **drie weken** in quarantaine te gaan. Het advies geldt ook voor mensen die zonder beschermende kleding langer dan een kwartier op minder dan anderhalve meter afstand van een patiënt zijn geweest.

In Nederland zijn op dit moment twee gevallen van apenpokken vastgesteld. Het virus, dat in steeds meer landen wordt gemeld, is door zorgminister Kuipers op de A-lijst geplaatst. De Wereldgezondheidsorganisatie wil deze week met meer richtlijnen komen voor zorgmedewerkers.

Angstporno

Is het virus werkelijk zo gevaarlijk? Robert Malone, de uitvinder van de mRNA-technologie, [noemt](#) de paniekberichten over apenpokken 'angstporno'.

Hij zei in [Bannon's War Room](#) dat er verschillende pokkenvirussen zijn – waaronder koepokken, die worden gebruikt voor vaccins tegen pokken, en kamelenpokken – die absoluut niet dodelijk zijn voor mensen.

"Het sterftecijfer bij mensen is minder dan 1 procent," benadrukte Malone. "Het wordt alleen verspreid door nauwe contacten."

Zwaar overdreven

De arts wees erop dat apenpokken in Centraal-Afrika sinds mensenheugenis een endemische ziekte zijn. Diverse diersoorten dragen het virus bij zich.

Het is zwaar overdreven om te zeggen dat het virus circuleert. Er zijn hier en daar wat gevallen geconstateerd. Bovendien is de variant die nu is opgedoken de minst ziekmakende, aldus Malone. Is dit meer angstporno? Absoluut, stelt hij. "De media en overheid wakkeren de angst onnodig aan."

Kerry Chant, de gezondheidschef van de Australische deelstaat New South Wales, heeft geen antwoord op de vraag waarom deze gehypete uitbraak erger is dan andere uitbraken:

Het thema van de bijeenkomst van het World Economic Forum is: Geschiedenis op een Keerpunt. Dat zei Klaus Schwab, oprichter van het WEF, tijdens zijn openingsspeech.

Er wordt in het Zwitserse skidorp Davos onder andere gesproken over de oorlog in Oekraïne. "Deze oorlog gaat ons politieke en economische landschap de komende jaren veranderen," sprak Schwab.

Rusland niet welkom

Het World Economic Forum is zondag begonnen. De top voor regeringsleiders, politici en topbestuurders uit het bedrijfsleven vindt normaal in januari plaats, maar werd uitgesteld vanwege corona.

De Russen zijn dit jaar niet welkom, de Oekraïense president Zelenski wel, via een videoverbinding. Er is ook een delegatie uit Oekraïne aanwezig.

Namens Nederland zijn onder meer premier Rutte, ministers Kaag, Ollongren, Van Gennip en Schreinemacher, en koningin Maxima aanwezig.

Tweede Kamerlid Pepijn van Houwelingen (FVD) beklagt zich over het feit dat hij op veel van zijn [Kamervragen](#) over het World Economic Forum simpelweg geen antwoord meer krijgt van het kabinet.

Van Houwelingen wijst er bijvoorbeeld op dat er een zogeheten 'Organizational Readiness Book' bestaat. Hij vroeg het kabinet of dit gedeeld kan worden met de Kamer. In het antwoord gaat minister Liesje Schreinemacher voor Buitenlandse Handel en Ontwikkelingssamenwerking, die op dit moment het World Economic Forum bijwoont, niet in op dit boek.

Het Kamerlid vroeg daarnaast om een 'summary en concept note' toegestuurd te krijgen zodat het handelen van bewindslieden namens de regering in een internationaal beleidsbepalend gremium als het WEF door de Kamer gecontroleerd kan worden. De minister rept in het antwoord met geen woord over deze notitie.

Kaag

Daarnaast vroeg Van Houwelingen haar of ze alle documenten betreffende de rol van minister Kaag in het CAP (Covid Action Platform) met de Kamer kan delen. In een brief schreef Klaus Schwab aan minister Kaag dat directeuren van meer dan 200 bedrijven en de Wereldgezondheidsorganisatie (WHO) het CAP hebben opgericht en dat zij wordt uitgenodigd om toe te treden tot dit platform.

Schreinemacher antwoordt dat minister Kaag 'eenmaal heeft deelgenomen aan een telefonische bijeenkomst' van het Covid Action

Platform en dat de Kamer over deze specifieke activiteit 'niet separaat is geïnformeerd'.

De minister maakt zich er makkelijk van af: "Voor de overige vragen verwijst ik u naar de website van het WEF."

Een internationale coalitie van luchtvaartprofessionals heeft [een verklaring](#) naar buiten gebracht over vaccinatieschade bij piloten. De verklaring is gepubliceerd door de organisatie Free to Fly Canada.

De groepen, wetenschappers en artsen die zijn aangesloten bij de coalitie krijgen dagelijks berichten van piloten met vaccinatieschade. Denk daarbij aan cardiovasculaire aandoeningen, bloedproppen en neurologische aandoeningen.

Veel piloten mogen niet meer vliegen en zullen mogelijk nooit herstellen. Andere piloten vliegen nog wel, terwijl ze

35

ondertussen last hebben van de bijwerkingen. Dit brengt grote gevaren met zich mee, stelt de coalitie.

Nooit onderzocht

Piloten die een bijwerking melden, riskeren hun baan. Ze krijgen weinig tot geen steun van hun vakbonden en werkgever.

De coalitie verwijst naar Pfizer-documenten waaruit blijkt dat informatie over de veiligheid en werkzaamheid van de coronavaccins is achtergehouden. Het effect van de vaccins op de gezondheid van piloten is voor zover bekend nooit onderzocht.

In veel gevallen wordt de coalitie gedwarsboord of krijgt zij nul op het rekest. Onder andere de volgende vliegmaatschappijen hebben piloten in dienst die vaccinatieschade hebben opgelopen: Air France, EasyJet, HOP, Lufthansa, KLM, TUI, American, Delta, JetBlue, SouthWest, United, Frontier, Alaska, Spirit, Jetstar, Qantas, Virgin Australia, Air Canada, Air Transat, WestJet.

Gezondheids crisis

De coalitie roept de luchtvaartautoriteiten op om in te grijpen zodat deze gezondheids crisis kan worden aangepakt. Bij de alliantie zijn duizenden piloten van ruim 30 luchtvaartmaatschappijen aangesloten.

35

De verklaring is ook ondertekend door Mark Juch, voorzitter van het [Luchtvaart Collectief](#), een onafhankelijke non-profitorganisatie van vliegers, cabin-attendants en grondpersoneel, waaronder verkeersleiders, managers van

diverse luchtvaartmaatschappijen en overig personeel werkzaam in de luchtvaartbranche.

De stichting zet zich welwillend in om heersende dilemma's op te lossen, bijvoorbeeld omtrent coronavaccinatie of de registratie hiervan. Juch begon bij de Koninklijke Luchtmacht en is momenteel gezagvoerder op de Boeing 777 en 787.

'Smoking gun': gegevens onthullen dat sterftepieken samenvallen met vaccinatierondes

Pas na de mondkapjesplicht en de vaccinatiecampaagne was er sprake van oversterfte. Dat zei de Amerikaanse cardioloog Richard Fleming [in de show van Alex Jones](#). "Daarvóór was er geen oversterfte."

"Dit is een smoking gun," zei Jones. Fleming lichtte toe dat hij zich heeft gebaseerd op data van de Amerikaanse gezondheidsdienst CDC. De grafiek laat zien dat zich vlak na de mondkapjesplicht, na de initiële vaccinatiecampaagne en de boostercampaagne sterftepieken voordoen.

Deze sterfgevallen worden niet veroorzaakt door longontsteking, wat je zou verwachten bij corona, maar hartziekte, hoge bloeddruk, diabetes, kanker, beroerte en neurologische aandoeningen, waaronder prionziekten en alzheimer, aldus Fleming.

49

Gigantische misdaad tegen de menselijkheid

De arts benadrukte dat de data ons nu laten zien dat al deze ziekten het gevolg zijn van het vaccinatieprogramma. "Ze worden veroorzaakt door de vaccins en het dragen van mondkapjes."

Jones voegde toe dat levensverzekeraars een vergelijkbaar beeld zien. "Het komt overal naar buiten. Dit is een gigantische misdaad tegen de menselijkheid."

Na 1,5 jaar

Fleming [waarschuwde in mei vorig jaar](#) al dat het 'vaccin' leidt tot ontstekingen, bloedproppen en uiteindelijk sterfte. Hij werd weggezet als complotdenker en antivaxxer.

Het spike-eiwit dat na vaccinatie in het lichaam wordt aangemaakt, passeert de bloed-hersenbarrière en we weten dat het bij gehumaniseerde muizen gekkekoeienziekte veroorzaakte, zei de arts. Bij resusmakaken veroorzaakte het na twee weken lewy-lichaampjes, die alzheimer en een aantal neurologische aandoeningen in de hand werken.

Bij mensen treden na 1,5 jaar dezelfde effecten op, zei de arts.

Resistance Grows to UN WHO & Biden “Global Health” Power Grab

by [Alex Newman](#) May 11, 2022

**** Urgent: If this article compels you to want to get involved, please click [here](#) to communicate directly with your local legislator and [here](#) to contact your federal legislators. ****

Under the leadership of a Communist Chinese-backed “former” Marxist terror leader, the UN World Health Organization (WHO) and the Biden administration are plotting an unprecedented power grab to build a planetary bio-medical police state. Think Shanghai during lockdown, but worldwide. Leading experts argue that this is truly the emergence of the “New World Order” discussed by Biden and others.

Already, the WHO claims all sorts of draconian authorities, including powers to work with UN member states in quarantining villages or nations, locking down societies, forcing medical “treatments” such as vaccines, and generally crushing medical freedom. When Ebola was spreading, for instance, the Obama [administration sent thousands of U.S. troops](#) to help the UN enforce medical martial law in the Ivory Coast.

Now, under changes proposed to the WHO’s “International Health Regulations” by the Biden administration, the dictator-friendly global “health” body would gain the power to carry out its wishes without even the approval or consent of the targeted nation. Not surprisingly, neither the WHO nor the Biden administration plan to consult the U.S. Senate on the matter.

Despite the enormity of the ongoing usurpation, and the drastic implications for freedom and self-government around the world, the establishment media have been largely silent on the issue. Still, concern is growing quickly as more and more experts and activists speak out. Word is starting to spread. But the first major deadline to stop it will arrive in a matter of weeks at a WHO meeting in Geneva starting May 22.

There are two key routes of attack being pursued by the WHO and its allies. In June, a dangerous “pandemic treaty” is set to be considered giving the WHO new “teeth” to enforce its dictates. But the first and most urgent assault on liberty and self-government involves a series of 13 controversial amendments being proposed to the WHO’s so-called International Health Regulations (IHR). The details of the amendments were only released publicly — and very quietly — about a month ago.

The health regime created under the IHR, which was first approved by the World Health Assembly in 2005, is already draconian in its current state. Indeed, these regulations are what supposedly empowered the disgraced global organization to “recommend” the totalitarian policies it deployed worldwide in response to Covid. Much of the leadership in the global war on freedom over the last two years came from the WHO.

But under the new amendments proposed by the Biden administration last month, it would go from bad to catastrophic. Among other concerns, the WHO would acquire new powers to impose its will on nations and peoples against their will. Indeed, the WHO would be able to declare a “health emergency” in any nation, with virtually no limits, going far beyond even actual pandemics, as long as it “could present significant harm to humans.”

One of the most significant changes would remove language from the WHO’s international health agreement requiring a government to consent to the WHO’s determinations before action is taken. Under the new language, all that would be necessary is for the WHO boss to claim there is “a public health emergency of international concern” (PHEIC). Even a claimed suspicion of such an “emergency” would be enough to get the gears turning.

Once it declares an emergency, the WHO would be authorized to partner with a dizzying array of global agencies and organizations such as the UN and more under the guise of protecting “health.” That includes UN agencies overseeing food, agriculture, aviation, the environment, and much more. In short, a full-on assault on a nation by a range of would-be global government agencies is in the cards for defiance of the WHO.

The amendments would accelerate the process of turning the head of the WHO into a global health dictator, numerous critics say. That is especially troubling considering that WHO chief Tedros Adhanom Ghebreyesus, installed by the regime in Beijing, is a former politburo member of the Tigray People’s Liberation Front, an ethno-Marxist terror group designated a terrorist organization by governments around the world. Countless critics have called for him to be prosecuted for ghastly crimes perpetrated by the terror group he helped lead, and later the brutal Ethiopian regime he served at a high level.

Leading Psychiatrist Speaks Out

“If passed, the Biden administration’s proposed amendments will, by their very existence and their intention, drastically compromise the independence and the sovereignty of the United States,” warned Dr. Peter Breggin, one of the leading medical voices sounding the alarm about this power grab and author of the best-selling new book *Covid-19 and the Global Predators: We Are the Prey*.

According to Dr. Breggin, a Harvard-trained psychiatrist, the same threat applies to the sovereignty and self-government of all of the UN's 193 member states, representing virtually the entire global population. In an [interview with *The New American*](#), Dr. Breggin suggested this was a major step in the direction of global government, led by a global "predator class." The proposed changes would put "enormous new powers" in the hands of "unelected technocrats" — powers that "would be exercised whether the target nation agreed or not," he explained.

"The amendments would give WHO the right to take important steps to collaborate with other nations and other organizations worldwide to deal with any nation's alleged health crisis, even against its stated wishes," warned Dr. Breggin, adding that these measures could include economic and financial attacks orchestrated by the WHO and its partners.

These attacks would hardly be limited to genuine pandemics. "Under WHO's approach, it would be difficult to find any important national issue that was not a potential health problem," warned Dr. Breggin, pointing out that the Communist Chinese regime and Bill Gates were the largest influences at the WHO. "With the imminent passage of the American-sponsored amendments to the International Health Regulations, WHO will have free reign for using these expansive definitions of health to call a crisis over anything it wishes in any nation it desires."

If the WHO succeeds in advancing its agenda, he added, the most important use of these arbitrary authorities would be against the United States — at least if the American people were ever to elect another anti-globalist government such as the Trump administration. Under Trump, the U.S. government exited and defunded the WHO, though the Biden promptly reversed that upon taking office.

"We need to face that these American-sponsored amendments are a great step toward America voluntarily forfeiting its sovereignty to the New World Order or Great Reset — and that without strong opposition, the ratification of the amendments is a foregone conclusion," added Dr. Breggin. "Our success or failure in stopping the ratification of these amendments will establish the pattern for the future, including WHO's ongoing effort to make legally-binding treaties that rob nations of their sovereignty."

But it is even worse than a loss of sovereignty. Instead, it amounts to handing power over all of humanity to a global class of predatory elites interested not in health, but in power and money, he said.

"In reality; they will be forfeiting their sovereign powers to the global predators who rule the UN and WHO, including the Chinese Communist Party and supporters of the Great Reset, like Bill Gates, Klaus Schwab, and giant foundations and corporations — all of whom benefit from weakening or destroying the sovereignty of the Western nations," continued Breggin. "Western civilization, and mainly the United States, is all that stands in strong opposition to the globalist takeover of the world, called the New World Order or the Great Reset."

Already, the WHO and its allies — and the global predators behind the whole machine — have shown their awesome powers. During the Covid crisis, the global agency was the key mechanism for unleashing and coordinating the unprecedented assaults on freedom around the world.

"WHO was highly effective during COVID-19 in implementing the aims of the global predators, led by the groups around Bill Gates and the Chinese Communist Party, in their organized assault and terror campaign against the Western democracies," Dr. Breggin said. "This purposely resulted in the vast weakening of any potentially anti-globalist, freedom-oriented, patriotic nations, including the U.S., Great Britain, Australia, Canada, and others. That success may explain why the global predators chose WHO to now deliver a major and potentially lethal death blow to the sovereignty of the world's nations."

If not stopped, the ongoing power grabs would make all of it orders of magnitude worse, he said.

WHO Insider Speaks Out

In an [interview with *The New American*](#), Dr. Astrid Stuckelberger, a prominent epidemiologist and international health scientist in Geneva and a former WHO official turned whistleblower, also warned that the WHO was the leading force behind the tyranny that enveloped the globe during Covid. Already, the situation is dire.

In defiance of its own IHR, which Dr. Stuckelberger taught at the university level, the WHO used fear-mongering to "issue directives that were totally not commensurate to the situation," she said. If the amendments are passed, it would get even worse. It all shows that the WHO and its backers such as Bill Gates "have moved now, clearly, into global governance," Dr. Stuckelberger said. "The way they are handling WHO is not like coordinating member states that can decide for themselves."

The global model truly came into view over the last two years. "Before, in the IHR, we trained [students] that everything should be customized to countries," she said. But now, "they have brought everybody to obey one governance, to obey a single standard." "WHO is now more and more taking power of the world together as the only organization to be able ... to direct any epidemic preparedness plan or pandemic intervention plan," she added.

The dystopian developments are moving from rhetoric to reality. At the WHO’s extraordinary World Health Assembly meeting late last year, member governments were given a document headlined “A Guide to a Pandemic Treaty.” Member states voted to accept the procedures to develop that treaty, which is now underway. “They are so sneaky,” she said. “They are going to take the instrument that will be adopted the quickest, and the instrument likely to be adopted the quickest is the International Health Regulations.”

The WHO “Constitution” — something governments have — is likely in place to help turn the agency into a true global authority with governmental powers, Stuckelberger said. And the outfit’s constitution purports to enshrine a “fundamental right” to the “highest attainable standard of health.” It also calls for the “fullest cooperation of individuals and States.” This is basically a blank check for intervention in people’s lives.

In Article 21 of the WHO Constitution, the World Health Assembly is empowered to “adopt regulations” on everything from “sanitary and quarantine requirements” to “standards” for diagnosing diseases. This is what made possible the global tyranny that enveloped the world in early 2020, as well as the unreliable PCR Covid tests that fed the narrative, said Dr. Stuckelberger, who served as president of the WHO’s Geneva International Network on Ageing.

“We have to be liberated from the United Nations,” said Stuckelberger before urging everyone to contact their elected officials, attorneys, and others in a bid to derail the WHO power grab.

Seeking Even MORE Powers

Another significant WHO threat to medical freedom, national sovereignty, and self-government comes from the proposed “International Pandemic Treaty” being worked on now behind the scenes. Under the guise of controlling future pandemics, this global agreement would also hand vast new powers to the global “health” organization. Advocates of the treaty are proposing to turn the WHO into a global health ministry with vast powers over every person and government on Earth.

Even actual sanctions on nations whose governments defy their would-be WHO overlords are now being peddled. For instance, WHO boss Tedros claimed that “maybe exploring the sanctions may be important.” Meanwhile, German Health Minister Jens Spahn argued “that countries that fail to follow up on their commitments to the WHO should face sanctions.” This sentiment is widespread among global elites.

Indeed, less than a year ago, an “independent” UN panel of high-level globalists convened by the WHO chief [claimed](#) the health agency “needs to be empowered — financially, and politically.” This empowering should include making the WHO more independent, creating new “capacities” (powers) at the global level, and establishing a “new international system for surveillance.”

The UN report, which suggests Covid damage could have been mitigated with more global tyranny, also seeks to bring in the “precautionary principle.” Similar to the “climate” narrative, the precautionary principle involves implementing policies — in this case medical tyranny — as a precaution in response to *potential* dangers rather than in response to a proven threat.

Offering broad insight into the objectives, the report celebrated regimes such as the Communist Chinese dictatorship for their authoritarian response to COVID. Numerous globalist bigwigs working with the WHO and Beijing such as Gates and Schwab have repeatedly praised the barbaric Covid response by Beijing while condemning jurisdictions that respected individual rights and the rule of law. This was all foreseen as far back as 2010 in the Rockefeller Foundation’s “scenario” dubbed Lockstep involving a hypothetical pandemic.

Even as these battles are raging, totalitarians are already scheming on even more draconian powers over basic rights such as free speech. The WHO itself has been working to silence what it considers “misinformation,” “disinformation,” and “conspiracy theories” for years. “We’re not just battling the virus,” [said](#) WHO Director-General Tedros in the summer of 2020. “We’re also battling the trolls and conspiracy theorists that push misinformation and undermine the outbreak response.” The WHO was “working closely” with Big Tech firms to censor the web, it boasted. Ironically, the WHO has [urged health professionals to lie to parents](#) in order to peddle vaccines.

Opposition Grows as Legal Questions Swirl

In a memo to the WHO, U.S. Health and Human Services Assistant Secretary for Global Affairs Loyce Pace cited almost 50 other governments that support the Biden administration’s proposal. Those include the member governments of the European Union, along with numerous other governments including those in India, Australia, Japan, Canada, the United Kingdom, and more.

Normally, governments would have 18 months to withdraw from the UN WHO scheme. However, in this case, the time period has been shortened to a mere six months. According to experts on WHO processes, if a majority of member governments consent to the amendments, then they will be considered to be part of “international law.” The amendments to the WHO’s regulations are set to be approved by May 28 of this year if not stopped.

Because of the existing international agreement adopted by member WHO member states almost two decades ago, the UN WHO considers any updates to its International Health Regulations to be binding on all nations and all of humanity, legal experts say. Similar machinations were used to impose UN “climate” schemes on the planet without ratification by the U.S. Senate.

However, there are several constitutional issues at hand as far as the United States is concerned. For one, the states that created the U.S. government never delegated these sorts of powers over “health” to the government they established. If the U.S. government lacks a specific authority or power, it certainly cannot hand a power it does not rightfully possess over to another body — at least not without a constitutional amendment.

In fact, the U.S. Supreme Court confirmed as recently as 1957 in the case *Reid v. Covert* that the U.S. government could not grant new powers to itself — or delegate those powers to other bodies — merely by adopting international agreements. Thomas Jefferson, a key architect of America’s constitutional system, understood that as well. “I say the same as to the opinion of those who consider the grant of the treaty-making power as boundless,” he explained in 1803. “If it is, then we have no Constitution.”

Neither the WHO nor the Biden administration’s Department of Health and Human Services responded to requests for comment.

In an interview with *The New American*, journalist and commentator James Rogusky, among the first to sound the alarm on these amendments, called on people to resist while it was still possible. “The time to speak out and stand for your rights is now,” he explained, calling on Americans to share the warnings with those in their sphere of influence and to contact their elected representatives.

In an effort to derail the WHO’s power grab, The John Birch Society, the parent organization of this magazine, recently launched a grassroots effort encouraging lawmakers to nullify the schemes at the state level. “Rather than sitting back and being complacent, state legislators must take bold action to nullify any WHO agreement,” the Society said in a [mass email to its national membership](#).

“Nullification of the WHO’s pandemic treaty wouldn’t be the first time the states have taken such bold action,” the organization’s alert continued. “Among multiple other examples, Alabama in 2012 enacted a strong law banning the implementation of the UN’s Agenda 21 (now Agenda 2030) in the state. Multiple other state legislative chambers passed similar bans.”

Urging activists to contact their lawmakers, the group, which has chapters nationwide, called for strong laws to prohibit implementation and enforcement of the WHO scheme. This could include ensuring that no state or local officials can participate in the enforcement of any actions originating from the WHO or under the authority of its illegitimate agreements.

In an interview with *The New American* magazine, Representative Thomas Massie (R-Ky.) expressed support for getting out of the UN entirely. “It’s full of dictators, and it’s also something that I don’t think our sovereign government should defer to,” he explained. Legislation to do just that, the American Sovereignty Restoration Act, has been regularly introduced in Congress for decades.

Derailing the WHO’s draconian power grab would be a good step in the direction of neutralizing the ever-increasing threat of globalism and international tyranny. However, over the long term, small victories in battles such as this one will not be enough. A full restoration of sovereignty must be the ultimate objective — and this massive attack on humanity by the WHO may be the perfect catalyst to supercharge the movement to stop globalism for good.

Treaties (or agreements) can not circumvent the US Constitution - Reid V Covert (1956)

conwaypoppa → Brew • 7 days ago

This was true until the advent of Obama in 2008. Since that time the SC has taken the acquiescence of congress as permission to allow the court to step out of the bounds of the constitution. I believe that the court would now recognize the powers of the NWO which were allowed by Biden/Obama during this last manufactured plannedemic. The US has to get out of the UN and the UN has to get out of the US.

Treaties require a 2/3 vote of the senate. Even if a treaty were passed, it cannot change the Constitution. A Constitutional amendment is required to change the Constitution, and that requires passage by 2/3 of the states. For the same reason the UN arms treaty could never be enforced in America though traitor Obama signed it, this treaty cannot be enforced either.

Amendments need 2/3 of each house, and 3/4 of the states.
And you are absolutely correct that no agreement or treaty can supersede the Constitution.
Though, we barely follow any parts of it at all, and the public is afraid to discuss what it says.

I think they are relying on complete and total nullification of the Constitution. they seem to think they can. Anyone in gov't of any kind, who believes it should and could be forced to resign. That is why I believe there will be civil war in the US.

Not sorry! The 2nd Amendment was created to provide the ultimate veto of this crap!

LAW OF THE LAND

The general misconception is that any statute passed by legislators bearing the APPEARANCE of law constitutes the law of the land. The U. S. Constitution is the supreme law of the land, and any statute, to be valid, must be in agreement. **IT IS IMPOSSIBLE FOR A LAW WHICH VIOLATES THE CONSTITUTION TO BE VALID.** This is succinctly stated as follows:
"All laws which are repugnant to the Constitution are null and void." *Marbury vs. Madison*, 5 US (2 Cranch) 137, 174, 176, (1803)

they already have forced lockdowns in many states, cities, and burbs, all there was to counter it was a lot of bitchin, no actions? For the most part, quite a few are still in political prison waiting release from the progressive commie arrests for nothing but speech and peaceful demonstrations.The people are watching this abominable debackle,with great interest. Early voting begins in August in Florida, absentee also. But we aren't replacing our incumbants, they are great save a few.

Joe Biden should now be arrested by the US Military before May 22, 2022 for violating his oath to protect and defend the Constitution of the United States from enemies foreign and domestic for practrically surrendering the sovereignty of the United States to the UN, WHO and WEF with his plan of signing the agreement giving the WHO full and limitless powers to declare epidemics/pandemics, manage & institute measures (e.g. lockdowns, mask mandates, mandate forced vaccinations of people without their informed consent) to control the same without seeking approval from affected countries who joined the WHO; and promoting the "GREAT RESET" concocted by Klaus Schwab of WEF in coordination with the world's private central bankers and the NWO Globalists Cabal without the approval of the American people.

IMO, the WHO,CDC, FDA, and nearly All "health" organizations, as well as the entire field of virology are nothing but a federally and big pharma motivated FARCE that needs to be disbanded and discarded into the trash heap of history. Louis Pasteur was a SELF-ADMITTED FRAUD, as is his Germ theory. They have NEVER isolated ANY virus EVER. I'm not talking IN VITRO culturing in monkey kidney cells, then starving, adding bovine aborted blood and antibiotics, then starving and adding more antibiotics to destroy the cells....then macerating and centrifuging that toxic genetic mess and then assembling and fabricating an IN SILICO genome sequence. THAT IS NOT ISOLATION...yet that is what they have done with ever so called "virus", even this latest scamdemic.

Watch the excellent docu-series "The Viral Delusion". You can pay for it or watch on Bitchute for free. The same goes for the documentary "Terrain" and the book Virus Mania. Much like Climate "Science", our entire health understanding has been taken over by JUNK science that employs ignorant and questionable practices to peddle an agenda that has NOTHING to do with human progress or understanding. WAKE UP and watch those documentaries. Then watch some of the recent interviews by the dozens of fine doctors in them. You could start with Tom Cowan, Andrew Kaufman, Stefan Lanka, & Samantha Bailey. Some others are John Bergman, Pamela Popper, Sheri Tenpenny, Carrie Madeji, Mercola, and dozens more.

I've been studying health and body for the past 10 years and healed myself of MANY, MANY ailments. Haven't had as much as a cold in that time. TERRAIN theory is where REAL science needs to go. Viruses and germs are voodoo science that people in power have been using for CENTURIES to control us. WAKE UP!! Toxicity and nutrient deficiency is the cause of ALL diseases....and THEY know it.

By the grace of God America is still under his protection at least until Ezekiel 38-39. After the rapture America will no longer be sovereign and the world will be in chaos. We will be consumed into the globalist structure and dismantled, the beast countries will rise to global power. America isn't even a footnote in prophecy during the end of days.

What makes you think he will be here? We are the ones who hinders the Antichrist from coming into power. That's what we do and once Jesus removes us off planet, all hell will break loose...

THEN you can do all of the fighting you want but you will lose because you will be stuck in the worst time of trouble ever since man was put on the earth and then the restraint will be gone and the Antichrist will come into power... He will rule over the world and you and there will be nothing you can do except commit suicide by cop. Or by army...

America will fall after the genuine born again Body of Believers are caught up...

It doesn't matter if you think this is utter bs, it won't change the truth of what's coming. It will all happen just as God told us... God told us these things thousands of years ago to show us that He alone is God...

Jesus (and in revelations) told us that the days of tribulation will be shortened for the sake of the elect, that means we're all in this together. There was never any mention of a pre-tribulation rapture. Pre-Trib rapture is false doctrine that was only introduced within the last 150 years by heretical churches who invented false doctrine to pacify and attract followers & increase donations.

1withabrightfuture ➔ Ron Hargrove • 7 days ago • edited

You aren't rightly dividing the Word of God.

Jesus, in your reference wasn't talking to the Church, He was talking to the Jews.

Before His Resurrection, there were only two groups of peoples.

Now, post Resurrection, there are three groups of peoples. They are listed in 1Co 10:32 as the Jews, Gentiles and the Church of God. a brand new group of man which came into being as a new Creation, neither Jew or Gentile.

Jesus wasn't talking to the Gentiles nor was He talking to the (non-existent at the time) Church.

As to your claim of the Rapture being just a few centuries recent, I present the evidence of your state of indoctrination, to wit;

There are records of the Early Church teaching the rapture or the catching away of the Church before the time of Jacob's Trouble or the Tribulation period.

1. Irenaeus (130-202 A.D.) "...the Church shall be suddenly caught up from this, it is said,"there shall be tribulation such as has not been since the beginning, neither shall be...

2. Victorinus, in 240 A.D., in his commentary on the Book of Revelation, clearly shows that he believed in the Rapture.

3. Cyprian 220-258 A., wrote in "The Treaties of Cyprian" describing the end times of Great Tribulation... "...the Christians will have an early departure and be delivered from the devastating global judgments that come during the Day of the Lord".

Cyprian is in line with the Apostle Paul who wrote that "God has not appointed us to wrath, but to salvation.

The early Church Fathers saw and taught the Age of Grace as distinct from the Age of the Tribulation and the Great Tribulation.

You need to get your facts straight to show yourself approved as a workman skilled in rightly dividing the Word of God or you will get tripped up and fail in your presentation of the Lord's Gospel.

The Lord doesn't want or need false doctrine or information leavened into the pure Gospel of Salvation.

Shalom and Maranatha!

To meet the globalist goals for Agenda 2030 in time will require drastic measures. They already missed the 2000 and 2020 goals, now they're getting impatient.

The brutal, complete lockdowns in Shanghai, China are practice for what they want to impose on the entire world. They are literally bolting people inside their apartments and encircling houses with fences in the middle of the night.

Biden will be at WHO later this month to sign an unconstitutional agreement that will allow WHO to dictate health policy here, completely by-passing congress and the courts. WHO will be able to mandate lockdowns, masks, mandatory vaccination, etc. to all countries who sign the agreement.

If successful at signing without congressional pushback WHO will use their power to set up another fraudulent election i.e. 4 more years of Brandon.

Mass die-off: Close to 180,000 died within 60 days of COVID-19 vaccination – England statistics office makes stunning admission

The Office for National Statistics (ONS) in England revealed that a total of **69,466 people died within 28 days and 178,874 people died within 60 days** of getting injected with the Wuhan coronavirus (COVID-19) vaccine between January 2021 and March 2022. ONS published the data on deaths by vaccination status on May 16. The report included a chart titled "**Number of Deaths within 28 Days of COVID-19 Vaccination in England.**" The total fatalities were broken down to 7,953 people who died positive for the virus and 61,513 people who expired due to other causes within 28 days of vaccination. During the same timeframe, a total of 14,049 people died from coronavirus and a total of 164,825 people died from other causes within 60 days of vaccination. The data was released following dozens of Freedom of

Information inquiries made to various government institutions requesting to know the number of people who died after receiving the jabs. (Related: [CDC hides COVID data from the public in order to whitewash dishonest COVID narrative](#).) Moreover, the *U.K. Health Security Agency's* vaccine [surveillance report indicated that 92 percent](#) of all the pandemic-related deaths in England in March were among the vaccinated population.

Governments manipulated data to heighten COVID-19 pandemic

Dr. Norman Fenton, Risk Information Management professor at [Queen Mary University of London](#), criticized the governments around the world for manipulating the COVID-19 pandemic data when he guested on "The Defender Podcast." "It was clear from the start that most of the data that governments put out – not just the UK government, but [most governments around the world](#) – were kind of misleading because it was based on very easily manipulated statistics," Fenton told the host Robert F. Kennedy, Jr. Throughout the pandemic, Fenton closely examined and criticized how officials used data to make decisions about lockdowns, testing and vaccines. He pointed out that there was an immediate rush to draw conclusions, which were sort of based on over-simplistic data on case numbers and deaths. The problem was that data were very easily used by influencers and decision-makers to fit particular narratives that exaggerated the scale of the crisis. Fenton's team published some of the first research providing more accurate estimates about the infection rate versus the fatality rate compared with official estimates that he said were based on faulty data. The research showed the virus was more widespread than people assumed, but nowhere near as dangerous as was being claimed. Further in the show, he also addressed some concerns on the faulty polymerase chain reaction (PCR) tests. "We were initially led to believe that the PCR test was an accurate diagnostic test. But later, of course, we discovered that wasn't true. And the [impact of that has been catastrophic](#)," he said. The use of PCR tests was also misguided since the tests are inherently fraudulent, and were never intended or designed to function as a diagnostic tool for the disease. Kennedy agreed, saying the the magnitude of the pandemic was enormously and deceptively amplified by the misuse of the PCR test. He added that the information concerning deaths following vaccination also was manipulated as part of the official claim that the vaccine was the only way to keep people from becoming seriously ill and dying. Data adjusted to take into account misclassification shows a peak in mortality shortly after vaccination. "Now, of course, it could well be that these are people who are indeed immunosuppressed seriously. Also, the vaccination might just be bringing forward the death, which would've occurred shortly afterward anyway," Kennedy said. Still, the fact remains that hundreds of thousands if not millions have died shortly after getting injected with the COVID-19 vaccine.
